Student's Signature _____ Date _____ Advisor's Signature _____ Date _____ Chair's Signature _____ Date _____

Semester-hour credits must total at least 124 hours, at least 45 of which must be at the 300 or above level courses. At least one-fourth of the total semester hours must be taken at GMU in order to satisfy the residency requirements.

Students must attach a degree evaluation with this plan of study. The above signatures indicate that the degree evaluation is attached and has been reviewed in particular to identify transfer credits that do or do not apply to this program.

Prerequisites for the BSSE

The following chart shows the prerequisite sequences for required courses in the SE program. Prerequisites for technical elective sequences vary with the specialization area and the specific electives chosen. *It is essential for students to complete their mathematics and physics courses as early as possible because many later courses have these courses as prerequisites.*
